### **Schröder Group Wins PW Machine Services as a Sales Partner for the UK**

## **Schröder Group strengthens its sales presence in the United Kingdom**

**Wessobrunn-Forst (Germany), June 25, 2026 – The Schröder Group and PW Machine Services Ltd. of Barnsley, South Yorkshire, have entered into a partnership: PW Machine Services is now the Schröder Group’s official distribution partner in the United Kingdom. As an expert in laser cutting and automation solutions, PW Machine Services offers strong access to the sheet metal processing industry in the UK. At the same time, the motorized folding machines from the Bavarian company Hans Schröder Maschinenbau GmbH, in particular, represent a perfect addition to the product portfolio.**

From the broad portfolio of sheet metal working machines offered by the companies of the Schröder Group, PW Machine Services is initially focusing on industrial folding machines. In addition, larger craft businesses, such as building sheet metal workers, will also be able to purchase motorized shears and folders through PW Machine Services in the future.

“We are pleased to welcome PW Machine Services as our official distribution partner for the UK,” says Markus Hibler, owner of the Schröder Group. “We know we can rely on an experienced team here that can provide customers with fast and expert service.”

#### **Powerful and precise**

“We are impressed by the Schröder machines and look forward to introducing them to our customers. The industrial folding machines are powerful and highly precise, gentler on surfaces and easier to operate than press brakes, and they allow for largely automated operation even without additional equipment,” says Kevin Hudson, one of the managing directors at PW Machine Services Ltd.

### About Schröder Group

The Schröder Group consists of Hans Schröder Maschinenbau GmbH, which is located in Wessobrunn-Forst, Germany, SCHRÖDER-FASTI Technologie GmbH, located in Wermelskirchen, Germany and the SMU GmbH, located in Leinburg-Weißenbrunn.

Founded in 1949, Hans Schröder Maschinenbau GmbH unifies traditional and modern approaches in machine building: Successfully managed as a quality and customer-oriented, family-owned company, Hans Schröder Maschinenbau is specialized in the development of modern machine concepts for bending and cutting sheet metal.

The successful integration of the Fasti Company in 2006 and its worldwide presence make the Schröder Group one of today's leading providers of machines for bending, cutting, beading, flanging, and circular bending all types of sheet metal. The company's precision machines range from proven solutions for craftsmen to innovative, high-performance machines for automatic industrial production processes. 2021 the Schröder Group was expanded by the tool manufacturer SMU GmbH. Overall, the Schröder Group currently employs more than 300 people at various locations at home and abroad.
